Lori Derbyshire
1970-2011

Lori was defined by the life she lived and the impact it had on those around her. With her signature sparkle in her eye, her infectious smile and the way she authentically lived life, the world became a little brighter when Lori was in the room. She will be remembered for her warm, generous spirit and genuine ability to live in the moment. That very spirit that defined her life will live on in her one love, her family: Jason and their two boys, Thomas-Jay and Burke.
